Cemetery district

Agnes Wellkamp

I have been working for L-i-A e.V. in the Friedhofsviertel neighbourhood since 2022 and am looking forward to getting to know more neighbours and stakeholders in the neighbourhood in order to develop new ideas for a vibrant neighbourhood together with them.

My job excites me because I have contact with many different people and actors from the neighbourhood and can implement joint projects and events with them. I also like to advise young and older neighbourhood residents as well as families with different questions, problems and concerns in order to develop solutions together with them.

We already offer some counselling, movement, music and creative activities in the neighbourhood and are happy to accept new suggestions. You are always welcome to take part in our activities. If you would like to get involved in your neighbourhood, please contact me. We will find a suitable field of engagement for you.

Get to know me and our team at the Stadtteiltreff Breslauer Straße 2 or give me a call.

You can find all information about our offers on our homepage ↗.
