

North-East and Giethorst

Marina Neumann

Hello, I am **Marina Neumann** and I have been working in the neighbourhood development of the Caritas Association, in the Giethorst-Nordost neighbourhood, in outreach work since March 2021.

One focus of my work is to establish close contact with the residents of the neighbourhood in order to create opportunities and spaces of encounter and to find ways for people to organise themselves together and to be there for each other in everyday life.

Furthermore, I have an advisory function and am always approachable when help or advice is needed. Whether in the office or on the street, you are welcome to approach me.

Contentl work in the neighbourhood because it is important to me that the residents of the Giethorst-Nordost neighbourhood enjoy a high quality of life. They should enjoy being in their neighbourhood and find everything they need there.

The focus is on the areas of **health and prevention, neighbourhood and social cohesion and citizen proximity and participation.**

I very much appreciate the close contact with the residents of the neighbourhood and the resulting connection to the neighbourhood itself. True to the motto "**alone you are strong, together you are unbeatable**", it is very important to me to strengthen the community, because together you can achieve so much more.

You can find all information about our offers on our [homepage](#) .
