As part of the CITY CYCLING campaign, the city of Bocholt and JUNGE UNI are inviting cyclists to workshops where they can learn how to mend and repair their bikes from the bike professionals at [ROSE Bikes](#).

The CITY CYCLING campaign runs from 1 to 21 May 2024 and summer is already in the starting blocks. So now is the time to get your bike back in shape so that nothing stands in the way of safe cycling tours!

Two-hour workshops for children and young people aged 10 to 16 will be held on 8 May and 15 May from 16:00.

The experts from [ROSE](#) at [Makerspace Bocholt](#) will be demonstrating how to repair tyres, adjust the bike with the right screws and fix it.

The workshops are free of charge for participants.

Registration is possible at: <https://www.juboh.de/info/technik>
