Offers

Offers for adults

18 is not the end of the road! Special offers for adults are designed to refresh what has been learned or to open up the possibility of new leisure activities. Please also inform yourself about our 10er Karte!

Special education

In close cooperation with the Bocholt day-care centre Rosengarten, the music school offers elementary lessons for children with disabilities.

Projects

With an abundance of projects, the music school responds to needs that are not covered by its programme. The palette ranges from rock projects to offers for kindergartens and events for special target groups.

Preparatory training

Those who wish to study music must have special skills and knowledge in order to pass the entrance examination to a music college or university. The training offered includes two instruments (major and minor) as well as theory. The contents are constantly being adapted in close cooperation with the universities. The music school is available as a contact for all personal and organisational questions.

Children's musical

For children aged 6 and over.

Rehearsals: Tuesdays from 4 to 5:30 pm in the auditorium of the Bocholt Comprehensive School (Rheinstraße 4).

Last performed: "Ufo - no wish is indifferent".

Parents' and Sponsors' Association of the Music School Bocholt e.V.

Parents and interested people voluntarily form the "Eltern- und Förderkreis Musikschule Bocholt e.V."

Thanks to this private commitment, many projects and events have already been realised that would not have been feasible with the public funds of the music school, including the promotion of musical talents, the purchase and maintenance of musical material, the promotion of events, concert tours and public relations work.

The support group is the contact body for pupils, teachers and parents. It represents the music school's interests on a political and social level.

A year for culture?

The music school is a placement location **for the *Voluntary Social Year of Culture in NRW*** and offers a young adult the opportunity to complete a Voluntary Social Year in the cultural sector at the music school on 1 September each year.

The volunteer's tasks include the accompanying organisation of lessons and events and their implementation - as well as various administrative activities.
